A. Title VI Assurances

Southeast Metropolitan Planning Organization (SEMPO) agrees to comply with all provisions prohibiting discrimination on the basis of race, color, or national origin of Title VI of the Civil Rights Act of 1964, as amended, 42 U.S.C. 2000d *et seq.*, and with U.S. DOT regulations, “Nondiscrimination in Federally-Assisted Programs of the Department of Transportation – Effectuation of Title VI of the Civil Rights Act,” 49 CFR part 21.

Southeast Metropolitan Planning Organization (SEMPO) assures that no person shall, as provided by Federal and State civil rights laws, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity.

Southeast Metropolitan Planning Organization (SEMPO) further ensures every effort will be made to ensure non-discrimination in all programs and activities, whether those programs and activities are federally funded or not.

Southeast Metropolitan Planning Organization (SEMPO) meets the objectives of the FTA Master Agreement which governs all entities applying for FTA funding, by promoting actions that:

- A. Ensure that the level and quality of transportation service is provided without regard to race, color, or national origin.
- B. Identify and address, as appropriate, disproportionately high and adverse effects of programs and activities on minority populations and low-income populations.
- C. Promote the full and fair participation of all affected Title VI populations in transportation decision making.
- D. Prevent the denial, reduction, or delay in benefits related to programs and activities that benefit minority populations or low-income populations.
- E. Ensure meaningful access to programs and activities by persons with Limited English Proficiency (LEP).

B. Agency Information

The Southeast Metropolitan Planning Organization (SEMPO) is a federally mandated and funded policy-making organization that oversees transportation planning for the Cape Girardeau – Jackson urbanized area which includes the City of Cape Girardeau, the City of Jackson, and portions of Cape Girardeau County and Scott County, Missouri, as well as portions of the Village of East Cape Girardeau and Alexander County, Illinois. Major transportation routes in the metropolitan planning area include Interstate 55, US Highway 61, Missouri State Highway 74/Illinois State Highway 146, and the Mississippi River. This area is also served by a major railway (operated by BNSF), a regional port (operated by Southeast Missouri Regional Port Authority), and a regional airport (operated by the City of Cape Girardeau). Transit services are provided by Cape Girardeau County Transit Authority, Southeast Missouri State University, and Shawnee Mass Transit District.

SEMPO was designated by the Governor of Missouri as the metropolitan planning organization for the urbanized area on March 12, 2013, and by the Governor of Illinois on February 7, 2013.

The Cape Girardeau – Jackson urbanized area has 35.03 square miles of land area and 0.07 square miles of surface water area, excluding the Mississippi River and Diversion Channel (Source: Census Bureau GIS data per SEMO RPC). The metropolitan planning area covers 117 square miles, with 111.7 square miles in Cape Girardeau County, 4.7 in Alexander County, and 0.6 in Scott County. According to SEMO RPC estimates based on Census Bureau data from Stats America (Source: statsamerica.org), 376,710 people lived within a 50-mile radius of Cape Girardeau County as of 2024. According to the 2023 American Community Survey 5-year estimate, SEMPO serves a population of 56,340 (Source: <https://data.census.gov/table/ACSST5Y2023.S0101?g=400XX00US13537>).

See Attachment 1 for a map showing the SEMPO metropolitan planning area (service area).

SEMPO is comprised of a Board of Directors and a Technical Planning Committee. The Board of Directors consists of seven voting members as follows: one representative of Cape Girardeau County (representative will be alternately appointed by Cape Girardeau County Commission and Cape Special Road District every two years), two representatives of the City of Cape Girardeau, two representatives for the City of Jackson, one representative of Southeast Missouri Regional Planning and Economic Development Commission, and one representative of Transit (representative will be alternately appointed by Southeast Missouri State University and Cape Girardeau County Transit Authority every two years). The Technical Planning Committee primarily consists of staff from these jurisdictions and agencies; it serves in an advisory capacity to the Board of Directors on technical matters. The City of Cape Girardeau provides administrative services and staff support for SEMPO, as authorized in the Memorandum of Understanding and the Bylaws. For both the Board of Directors and the Technical Planning Committee, all members shall serve a two (2) year term and there shall be no limit on the number of terms a representative may serve as a member. For both the Board of Directors and the

Technical Planning Committee, terms of Chairperson and Vice Chairperson shall be for a period of one (1) year and begin on the first day of the fiscal year following the election.

F. Public Engagement Plan

Goal

The goal of the Public Engagement Plan is to have significant and ongoing public involvement, by all identified audiences, in the public participation process for major agency outreach efforts. The Public Engagement plan describes the proactive strategies, procedures, and desired outcomes that underpin SEMPO's public participation activities.

Objectives

- To understand the service area demographics and determine what non-English languages and other cultural barriers exist to public participation.
- To provide general notification of meetings and forums for public input, in a manner that is understandable to all populations in the area.
- To hold public meetings in locations that are accessible to all area stakeholders, including but not limited to minority and low-income members of the community.
- To provide methods for two-way communication and information and input from populations which are less likely to attend meetings.
- To convey the information in various formats to reach all key stakeholder groups.

Identification of Stakeholders

Stakeholders are those who are either directly or indirectly affected by an outreach effort, system or service plan or recommendations of that plan. Stakeholders include but are not limited to the following:

- Board of Directors – the governing board of the agency. The role of the Board is to establish policy and legislative direction for the agency. The Board defines the agency's mission, establishes goals, and approves then budget to accomplish the goals.

G. Language Assistance Plan

SEMPO Limited English Proficiency Plan

This Limited English Proficiency (LEP) Plan has been prepared to address SEMPO's responsibilities as a recipient of federal financial assistance as they relate to the needs of individuals with limited language skills. The plan has been prepared in accordance with Title VI of the Civil Rights Act of 1964; Federal Transit Administration Circular 4702.1B, dated October 1, 2012, which states that the level and quality of transportation service is provided without regard to race, color, or national origin.

Executive order 13166, titled "Improving Access to Services for Persons with Limited English Proficiency," indicates that differing treatment based upon a person's inability to speak, read, write or understand English is a type of national origin discrimination. It directs each federal agency to publish guidance for its respective recipients clarifying their obligation to ensure that such discriminations do not take place. This order applies to all state and local agencies which receive federal funds.

Service Area Description:

SEMPO serves an area that includes the City of Cape Girardeau, the City of Jackson, and parts of Cape Girardeau County and Scott County in Missouri, as well as the Village of East Cape Girardeau and part of Alexander County in Illinois. See Attachment 1 for a map showing the SEMPO metropolitan planning area (service area).

SEMPO has developed this LEP Plan to help identify reasonable steps for providing language assistance to persons with limited English proficiency who wish to access services provided by SEMPO. Meaningful access is language assistance that results in accurate, timely, and effective communication at no cost to the LEP individual. As defined in Executive Order 13166, LEP persons are those who do not speak English as their primary language and have limited ability to read, speak, write or understand English. This plan outlines how to identify a person who may need language assistance, and the ways in which assistance may be provided.

In order to prepare this plan, SEMPO undertook the **four-factor LEP analysis** which considers the following factors:

Four Factor Analysis

1. The number and proportion of LEP persons eligible to be served or likely to be encountered in the service area:

A significant majority of people in the SEMPO service area are proficient in the English language. Based on 2023 5-Year American Community Survey data, 1.46% of the population five years of age and older speak English “less than very well” – a definition of limited English proficiency.

The “Safe Harbor Provision” stipulates a recipient is to provide written translation of vital documents for each eligible Limited English Proficient (LEP) language group that constitutes five percent (5%) or 1,000 persons, whichever is less, of the total population five years of age and older eligible to be served or likely to be affected or encountered.

The U.S. DOT Language Access Plan defines “vital documents” as “paper or electronic written material that contains information that is critical for accessing a component’s programs, services, benefits, or activities; directly and substantially related to public safety; or required by law.” The FTA Circular 4702.1B specifies the Title VI Notice to the Public, Title VI Complaint Procedures, and Title VI Complaint Form are vital documents.

Translation of non-vital documents, if needed, can be provided orally. If there are fewer than 50 persons in a language group that reaches the five percent (5%) trigger, the recipient is not required to translate vital written materials but should provide written notice in the primary language of the LEP language group of the right to receive competent oral interpretation of those written materials, free of cost.

Safe Harbor provisions apply to the translation of written documents only. They do not affect the requirement to provide meaningful access to LEP individuals through competent oral interpreters where oral language services are needed and are reasonable.

Based on the 2023 5-Year American Community Survey data for Table C16001 for SEMPO’s service area, 50,415 persons or 95.12% of the total population five years of age and older of 53,003 speak only English. A total of 775 or 1.46% of the total population speak English “less than very well” – a definition of Limited English Proficiency.

Of the LEP Language group(s) that speak English “less than very well,” Other Asian and Pacific Island had the highest population at 199 or 0.38%, Spanish had the second highest population at 169 or 0.32%, and Chinese (incl. Mandarin, Cantonese) had the third highest population at 111 or 0.21%. Currently, no LEP language group(s) meet the Safe Harbor threshold. However, efforts will be made to reasonably accommodate any language access requests that arise.

2. Frequency of Contact by LEP Persons with SEMPO’s Services:

The SEMPO staff reviewed the frequency with which office staff have, or could have, contact with LEP persons. To date, SEMPO has, on average, zero requests per month for an interpreter. SEMPO averages two phone calls per month.

3. The importance of programs, activities or services provided by SEMPO to LEP persons:

Outreach activities, summarized in SEMPO’s Title VI Public Engagement Plan, include events such as public meetings and/or open houses held at schools, churches, libraries and other non-profit locations, and include specific outreach to LEP persons to gain understanding of the needs of the LEP population, and the manner (if at all) needs are addressed.

4. The resources available to SEMPO and overall cost to provide LEP assistance:

Strategies for Engaging Individuals with Limited English Proficiency include:

1. Language line. Upon advance notice, translators can be provided.
2. Language identification flashcards and/or” I speak” Cards.
3. Taglines on vital documents informing LEP persons of the availability of translation upon request, and how to obtain them.
4. Automated translation technology (such as Google Translate)

Based on our demographic analysis (Factor 1) SEMPO has determined that no language group(s) within its service area meet the Safe Harbor threshold requiring written translated “vital documents” by language group(s). Should Factor 1 in the Four Factor analysis indicate in the future that an LEP group reaches the safe harbor threshold, SEMPO will evaluate its vital documents and provide translations.

SEMPO will provide assistance and direction to LEP persons upon request.

Staff LEP Training

The following training will be provided to SEMPO staff:

1. Information on SEMPO’s Title VI Procedures and Title VI responsibilities pertaining to their specific duties.
2. Information on SEMPO’s Language Assistance Plan and LEP Responsibilities.

3. Information on the written and oral language assistance services available, and instructions on how agency staff can access these products and services.
4. Information on how to respond to LEP callers, written communications from LEP persons, how to respond to in-person contact from LEP persons, and how to arrange providing language assistance services.
5. Use of Language Identification Flashcards such as “I Speak” Cards.
6. Documentation of language assistance requests by maintaining a Language Assistance Requests Log.

SEMPO will identify staff that are likely to routinely encounter or have frequent contact with LEP persons, as well as their supervisors and all management staff in order to target training to appropriate staff. SEMPO will include the LEP training as part of the orientation for new employees. Existing employees, especially those who frequently encounter the public and/or customers, will take part in re-training or new training sessions to keep up to date on their responsibilities to LEP persons on a regular basis.

Monitoring and Updating the LEP Plan

The LEP Plan is a component of SEMPO’s Title VI Plan requirement.

SEMPO will update the LEP plan as required. At minimum, the plan will be reviewed and updated when it is clear that higher concentrations of LEP individuals are present in the SEMPO service area. Updates include the following:

1. How the needs of LEP persons have been addressed.
2. Determine the current LEP population in the service area.
3. Determine as to whether the need for, and/or extent of, translation services has changed.
4. Determine whether local language assistance programs have been effective and sufficient to meet the needs.
5. Determine whether SEMPO's financial resources are sufficient to fund language assistance resources as needed.
6. Determine whether SEMPO has fully complied with the goals of this LEP Plan.
7. Determine whether complaints have been received concerning SEMPO’s failure to meet the needs of LEP individual.

H. Advisory Bodies

Table Depicting Membership of Committees, Councils, By Race

Committee	Caucasian	Latino	African American	Asian American	Total
Board of Directors	87% (6 people)		13% (1 person)		100%
Technical Planning Committee	100% (14 people)		0% (0 person)		100%

Description of efforts made to encourage minority participation on committees:

SEMPO consists of two bodies: the Board of Directors and the Technical Planning Committee. The racial composition of each body is shown in the above table. The membership of the Board of Directors is established in SEMPO's bylaws. Each member city, county, and organization is allotted a certain number of voting seats on the Board. Appointments to these seats customarily come from the highest-ranking officials and positions. Similarly, the membership of the Technical Planning Committee is established in the bylaws, with allotted voting seats. Appointments are made based on the positions and roles that are relevant to the purpose and function of the committee. In making appointments to the SEMPO Board of Directors and the Technical Planning Committee, the member cities, counties, and organizations do not base their decisions on personal traits such as race, ethnicity, gender, etc. SEMPO recognizes the value in having diversity in representation, and supports efforts on the part of its members to find qualified minority candidates to fill positions and roles that will help SEMPO achieve diversity. Additionally, SEMPO maintains a list of key stakeholders which it uses to communicate information about SEMPO's activities, such as upcoming public input sessions on its plans and programs. The list contains a number of organizations that serve under-represented groups, including minorities and low-income families.

K. Equity Analysis of Facilities

A Title VI equity analysis will be completed when SEMPO constructs facilities, such as storage facilities, maintenance facilities, or operations centers. The term “facilities” does not include bus shelters, transit stations, or power substations. The equity analysis will be conducted during the planning stage with regard to where a project is located or sited to ensure the location is selected without regard to race, color, or national origin.

The equity analysis is conducted to determine whether the location of the project will result in a disparate impact on minority communities on the basis of race, color, or national origin. The Title VI equity analysis will compare the equity impacts of various siting alternatives, and the analysis will occur before the selection of the preferred site.

SEMPO has not constructed any storage facilities, maintenance facilities, or operations centers in the last three years.

DRAFT

K. Equity Analysis of Facilities

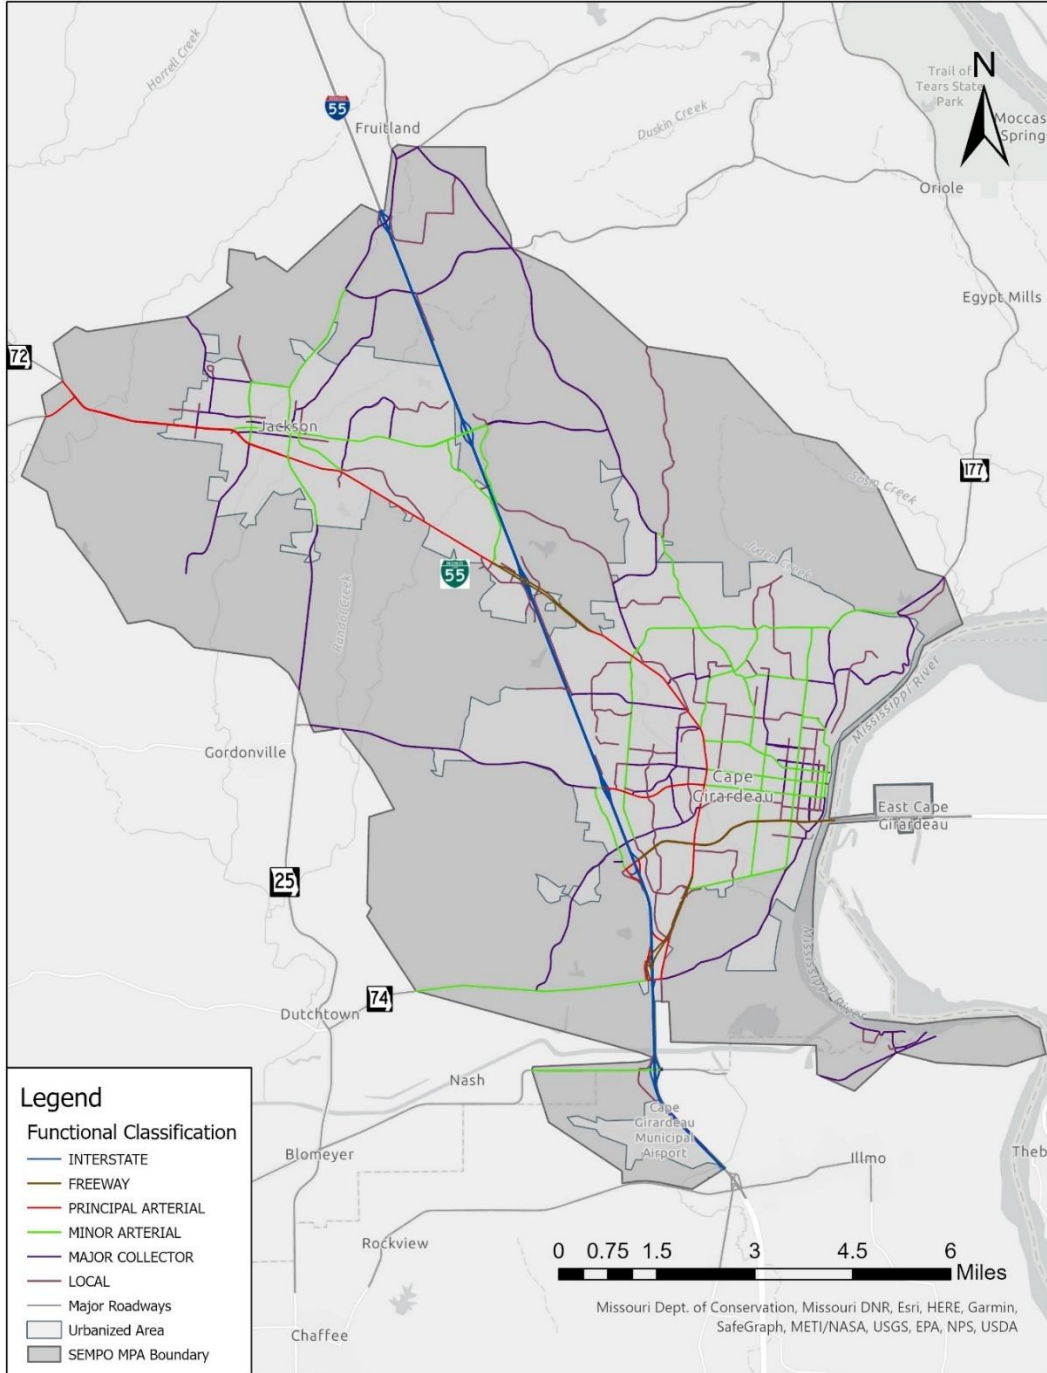

SEMPO is not a transit provider that operates fixed route service, or transit provider that operates fifty (50) or more fixed route vehicles in peak service and are in an urbanized size area with a population of 200,000 or more.

Thus, the requirements to set system-wide service standards and policies, collect and report demographic data, monitor transit service, and to evaluate service and fare changes, are not applicable to SEMPO.
