

BOARD OF DIRECTORS AGENDA ITEM 1/15/2025
2025 Performance Targets PM2 & PM3
Southeast Metropolitan Planning Organization

Description

MAP-21 established and the FAST Act maintained a performance-based approach to transportation investments, creating National Performance Goals. This practice was continued through the enactment of the Bipartisan Infrastructure Law (BIL), also referred to as the Infrastructure Investments and Jobs Act (IIJA). In keeping with these goals, State Departments of Transportation and Metropolitan Planning Organizations are required to establish targets. Each target has its own requirements and timelines.
